There is a demand for more residences in Lancaster and why some parties with money don't build is hard to understand. There are so many inquiries for houses but none can be found.

Col. Craddock, of the Paris Kentucky Citizen, pays fitting tribute to G. S. Hoffman's hospitality at Crab Orchard Springs. The Col. knows a good thing when he sees it and never fails to "render unto Caesar" his dues.

Protracted Meeting.

Rev. Moore, of London, who is an able minister and an attractive speaker, is conducting a protracted meeting, at the Methodist church. Large crowds are attending and much interest is manifested.

Suspended.

The Richmond Register suspended publication of its daily edition on the 13th inst. The Register, with commendable enterprise, published a daily throughout the progress of the war, that would have done credit to a much larger city than Richmond.

The daily newspapers have "clipped" the articles, which have appeared at various times in THE RECORD, in regard to Sunday mail at Lancaster, and have taken the matter up with the postal authorities, and it is thought that ere many moons we will have at least a Sunday paper, if not mail.

Republican Convention.

At a meeting of Republican Congressional Committee for 8th Congressional District of Kentucky held in Nicholasville, Ky., August 10th 1898 it was ordered by said committee that a convention be held in Danville Ky., August 30th 1898 12 o'clock a. m. to nominate a candidate for congress for said district. That the representation in said convention shall be one delegate for each one hundred votes and a fraction over fifty cast for Republican Electors in November 1898 the delegates to be selected in manner provided by county committee.

W. J. WILMORE, Ch. D. C.

C. C. WALLACE, Sec'y.

The ladies of Lancaster and Garrard county will give a dinner in the city of Lancaster on the 23rd of August. County court day for the benefit of company L. 2d Regiment Ky. volunteers, the proceeds to go to pay for the blankets purchased for said company prior to their going into camp at Lexington, Ky., and which the Fiscal Court refused to pay for. A liberal patronage should be accorded them. Any persons wishing to bring provisions can do so.

Robert Lee Davidson was granted a license to practice law. We now have twenty-one lawyers at this bar.

The Noel Sisters have purchased Mrs. Moody's 1/2 mile stock of millinery, and will run this store and continue the one at Danville.

S. R. Ashby Warren, of the Second Kentucky, is at home for a few days and was over here to see relatives. He is looking well and is pleased with the service.

Messrs. C. A. Robinson, W. L. Lawson and W. T. Pherigo have been appointed Election Commissioners, for Garrard county, under the Goebel Election Law.

Simon Weil, for Lohman of New York, bought 4 cars of export cattle, of Gibbs Brothers, and 2 cars, of A. R. Denny, at 4-3-4 cents.

The first indictment under the anti-mob law of 1896 has been drawn by commonwealth Attorney, J. S. Owsley, during this term of our circuit court, and the trial will be sensational.

To Teachers.

The white teachers examination will be held at my office, Friday and Saturday, August 19 and 20, and colored teachers examination on the following Friday and Saturday August 20 and 21. Miss E. S. J. Lusk.

Republican Mass Meeting.

The republicans met at the Court House, on Wednesday, to appoint delegates, to the Danville convention, to nominate a candidate for congress. In the absence of Chairman, D. R. Collier, Mr. L. L. Walker opened the meeting. On motion of W. T. West, Judge R. A. Burdick was made chairman, who made a few remarks asking for harmony, and they certainly had it, as they did the work in fifteen minutes and everybody agreed to every suggestion. A. R. Edridge was elected secretary and L. L. Walker, D. M. Lackey and Millard F. West were appointed as a committee on resolutions. They reported strong approval of the administration of Gov. Bradley and President McKinley. They endorsed every principle of their party, and denounced the Goebel election law and other democratic legislation as partisan and against public interest. About thirty delegates were appointed, among them Gov. Bradley, Col. Collier, Capt. Herndon and W. T. West, who were instructed to cast the vote of Garrard for Hon. G. M. Davidson, of Lincoln.

A Card from Prof. Gowen.

I have received a notice from the Board, requesting me to vacate at once and make room for my successor, as he is anxious to move in, and because his goods are packed up and ought to be unpacked. For fear my friends, the public at large, may think my continued stay a piece of spite-work, I wish to explain. My contract called for a certain sum of money and the use of the house, which was estimated at \$200 a year, as part of my salary. I moved in Sept. 12, '95, and have lived here from year to year since then. Hence my term will not be out till Sept. 12, '98, until which time I have a right to stay, under the law. But I'm not staying simply because I have a right to; I have no other place to go; the house they are building me will not be ready for some time. If I have to get out now, my goods would have to be packed up, and stay packed up for some time; besides, we would have to pay board till we move. If necessary I meant to give up my rights for a short time and pay board, to let the new man in, but I don't deem it my duty to give up and put myself on expense for nearly a month. My successor's goods can be unpacked and put in any room we are not using.

B. S. GOWEN.

MAJ. H. A. EVANS DEAD.

Former Resident of Lancaster, Died of Typhoid Fever in Texas.

The sad intelligence of the death of Maj. Evans will come as a severe shock to the many friends of the family here. Dr. Evans, his father, was at one time principal of the Garrard Female College, and Harry was one of the faculty. Harry was well up in military tactics, and he rendered valuable assistance to the "Owsley Rifles" in drilling and training them. No cleverer, bigger hearted boy ever existed than Harry Evans, and not one who knew him, but will shed a tear of regret at his death. The following was taken from Tuesday's Courier-Journal: "A telegram was received yesterday by Mr. W. G. Polk, of Wm. Kendrick's son's, announcing the death of his brother-in-law, Maj. H. A. Evans, of Sulphur Springs, Tex. Death was due to typhoid fever. His death was a great shock to his friends in this State, where he lived for many years. The deceased was a son of the Rev.

Morris Evans, D. D., formerly a prominent member of the Kentucky Conference of the Methodist Episcopal church South, but who is now located in Texas. Maj. Evans was a graduate of the old Kentucky Military Institute, and had spent most of his life as an educator. He was 29 years of age, and 12 years ago was married to Miss Martha Polk, of Harrodsburg. He is survived by his wife, father and mother. His remains will be buried at Sulphur Springs, where he had lived for the past seven years."

Circuit Court.

A large crowd of litigants and curiosity-seekers attended the opening of circuit court last Monday, and such will be the case as long as Satan stalks abroad to lure the sons and daughters of Adam into the paths of sin. Judge Sautley took the bench and the wheels of justice began to move. Sheriff J. B. Sanders, deputies Alexander Walker, William Ward and Perry Naylor, jailer Ross, clerk Hamilton, assisted by W. B. Mason, Commonwealth Attorney Owsley and county attorney Fletcher Owsley, were all present ready to execute the orders of the court.

The grand jury was called and the court delivered a charge, replete with legal learning, which was a source of valuable instruction to the public generally and served as a guide to the jury in the proper and legal investigation of all violations of laws, the manner of procuring testimony, and the character necessary to make a good indictment. The following is a list of GRAND JURORS.

J. C. Borer, foreman.

Walter Romans, M. D. Hughes, Ansel George, Lafayette Brown, J. B. Rount, T. W. Bradshaw, Lee Brown, Jas. Ramsey, Jr., Isaiah Comley, George McLean, William Woods, W. D. Scott.

The following gentlemen constitute the

PETIT JURY.

George Evans, F. K. Sattton, J. R. Henderson, Milton Mahan, I. M. Dunn, W. B. Moss, Wm. Parks, O. J. Hendron, J. G. Burdick, Jas. Ramsey, Jr., Robert Brown, George McLean, C. A. Robinson, M. F. Rou, E. W. Scott, W. L. Allen, E. W. Thompson, W. L. Allen, W. B. Jarvis, George Broadus, James Underwood, Ed Norris, Thos. Woods, G. A. Bruce.

The trial of Frank Turner, for hog stealing, was begun on Monday and concluded on Tuesday, by a verdict of one year in the penitentiary. Tomlinson, Walker and Swinebroad representing the defendant.

Messrs. Homer Batson and Robert Davidson were made examiners, for Garrard county, on Tuesday. "Colonel" Coffey, colored, was fined \$75 and six months confinement in jail to work at hard labor, for willful and malicious shooting and wounding. Herndon and Tomlinson appeared for the defendant.

The case against William McCoy, for murder, was passed till next week. George Smith, who is under indictment for forgery, failed to appear, and his bond was forfeited.

The grand jury has found eleven indictments, seven for felonies, and it is likely that more business will be done this term than during any term for some time past.

John Simpson, for concealed weapons, by default judgment, was given 30 days in jail and fined \$100. The grand jury indicted Porter Wearren and Edwin Clouse, for murder, and their trials are set for next week.

On Wednesday Robert Boatley, colored, was fined \$25 and 10 days in jail, for carrying concealed weapons. Wm. Potts, colored, was given five years, in the penitentiary, for house breaking.

Col. Simms's Will.

PARIS, Ky., Aug. 17.—The will of Col. W. E. Simms, probated at the county clerk's office, leaves all the property, real and personal, to his wife. Besides \$50,000 life insurance there is property consisting of farms in Kentucky, Arkansas and the north-west, bank and railroad stocks and city property in this city, Chicago, St. Paul and other places.

Was in the Santiago Fight.

VALLEY VIEW, Ky., Aug. 17.—"Tuck" Baxter, of this place, who joined the regular army two years ago, has been heard from. In a letter to his brother here he says he was in the fight around Santiago, and in company with 100 men made an assault on a point in the Spanish lines and of 100 in the charge only 40 were left alive to tell the story.

Blow Up the Gate. SHELBYVILLE, Ky., Aug. 13.—A toll-gate on the Shelbyville and Mulberry turnpike, in the northern end of this county, was visited by raiders for the third time Thursday night and destroyed with dynamite. All the windows in the keeper's house were shattered by the explosion and the inmates badly frightened. A blood-curdling notice was left, warning the keeper not to again collect toll under penalty of death.

Many Logs Running. WILLIAMSBURG, Ky., Aug. 12.—There is a heavy log tide in the Cumberland river, and more logs are running than were ever known before. Several large booms up the river have given way. Logs pass here at the rate of over 300 per minute. Thousands are passing by which can not be secured. The mill men here are prodding by the loss of those up the river, and will have their booms filled for the first time in years.

The Fourth Won't Go Yet. LEXINGTON, Aug. 12.—A telegram from Assistant General Passenger Agent C. R. Ryan, of the Chesapeake and Ohio road, to George W. Barney, general agent in the blue grass region, Sunday night, says: "Movement of 4th Kentucky regiment from Lexington to Jacksonville suspended, by order of secretary of war."

Third Kentucky Ordered to Lexington. WASHINGTON, Aug. 16.—Orders were issued by the war department Monday for the 3d Kentucky, 5th Illinois and 160th Indiana regiments of volunteers, which were gathered at Newport News under orders to proceed to join Gen. Miles in Porto Rico, to proceed to Lexington Ky., as soon as transportation is ready.

Potomine Poisoning. LOUISVILLE, Ky., Aug. 13.—The analysis of the stomach of Richard and Bridget Gavin, who died within a half hour of each other a week ago, and who were thought to have been poisoned has been finished. It showed evidence of potomine, but none of poison administered by outside parties.

Gold in Kentucky. RICHMOND, Ky., Aug. 13.—News reached here Friday that gold had been found between London and Manchester on the line between Clay and Laurel counties. It is pronounced genuine ore, and a sample has been forwarded to New York for analysis.

Conscience Contribution From Louisville. WASHINGTON, Aug. 15.—The secretary of the treasury has received a conscience contribution of \$300 in an envelope postmarked Louisville, Ky.

FRIDAY, August 19, - 1898

GEN. FITZGUGH LEE is a candidate for U. S. Senator from Virginia.

It is believed that many of our soldiers will be mustered out and sent home, while enough will be kept in the service to enforce the terms of peace, and establish a government over our acquisitions.

NINETY-EIGHT millions of dollars have been expended on account of the Spanish war, and the total expenditures are estimated at only \$150,000,000, while we are issuing \$200,000,000 of bonds, and collecting many millions by the new revenue law. In fact too much money is being raised.

It is a foregone conclusion that Davison will be nominated by the Republican convention at Danville, and a lively race may be expected, between him and Gilbert, for congress. Every inch of the ground will be contested, and the winner will not have a walk over.

GOVERNOR BRADLEY is doing all that can be done to induce a full attendance at the dedication of the Kentucky monument at Chickamauga. The people will do as he requests, a fitting manifestation of patriotism, worthy the name of the monument and in accord with the spirit of Kentuckians, will be witnessed on that occasion.

BLANCO, Captain General of Cuba, has resigned, being unwilling to superintend the evacuation of Cuba. Manila surrendered to Dewey last Saturday, after the Americans began to bombard the city. The American flag is now in Havana and all other places, which will become American provinces, by the peace negotiations. The mortality among the Spanish prisoners, at Santiago, is so great that it is impossible to bury the dead.

THE rapid improvement, in implements of war, on land and sea, reveals the fact that all wars will last but a short time, in the future, and that the loss of life will be less and the destruction of property will be greater, and bring about the close of a war. Our victories, in the last war, have been so decided that our ships, guns and men have won the admiration of the world, and "Uncle Sam" can now put a chip on his head, without fearing that anybody will knock it off.

THE Teachers Institute closed last Friday, after a profitable and entertaining session. The RECORD is indebted to Prof. E. W. Baker for a statement of the proceedings, which appears elsewhere in this issue. Several suggestions are made in the resolutions, but the one proposing County Normals, instead of Institutes, to be supported out of the Public School fund, was certainly adopted without due thought and deliberation. In the first place the public fund can not be appropriated for any purpose, except for tuition, and these Normals would cost a considerable sum of money. We suggest the enactment of a law providing that experienced educators shall visit the schools and give the most approved methods of teaching, in a practical manner. We have too much to cry now, though much good is being done by the teachers of Garrard county, who are far above the average in mental culture, and the ladies excel all others in personal beauty.

It is claimed that "History repeats itself"; but such was not the case in the last war. The historian may search in vain for its parallel, in point of duration, territory, signal victories, and unequal losses of life and property. To make a summary of the evil and good results will require many years. At present we can only make a rough estimate. Put the blood and the money, the tears and the suffering, on one side of the scales and it appears that nothing can balance them; but when we consider the vast amount of valuable information imparted; the perfect unity and harmony brought about between the discordant political elements, and the absolute obliteration of prejudices and bad feeling, which has existed between the North and South since the civil war, the inestimable good that has been done, in the name of humanity; the opening up of new channels for the dissemination of civilization and Christianity, and the acquisition of valuable territory, the sales change and the good outweighs the evil effects.

THE people of our nation should congratulate themselves, and especially their valiant soldiers, on a successful termination of hostilities with Spain, preliminary steps having been taken last Friday, looking to peace negotiations. The war, of 112 days duration, has ceased, for the present, and a Peace Commission, consisting of five men representing our nation and five representing Spain, will meet and agree fully on the terms of settlement, as partially set forth in the document already signed. The terms, stipulated are as follows:
The immediate evacuation by Spain of Cuba and Porto Rico.
The surrender of all sovereignty by Spain over Cuba.
The cession to the United States of Porto Rico and other Spanish Islands in the West Indies.
The cession of an Island in the Ladrones.
The occupation of Manila—city, bay

and harbor—by the United States pending the settlement by treaty of the disposition of the Philippines.
This leaves the disposition of the Philippine Islands unsolved, and we hope that our commissioners will lay no claim to them further than to reserve a coaling station there. The war was not waged for conquest, and the acquisition of distant territory is not in keeping with our favored doctrine and established principles. Besides this it would cost an immense sum to hold the islands, and their products would conflict with some of our home interests. Indeed, if we should ever exercise sovereignty over Cuba, our sugar interests would be destroyed, as it can be raised there at one cent per pound. The Manila hemp would destroy our hemp interest, and the cheap labor of our acquisitions would interfere with our present system of labor. Let us view the matter calmly and logically and see whether we have a picnic or an elephant on our hands. If the latter, turn him loose; if the former, we will all attend.

The Rev. W. R. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by R. E. PAINT LICK.

David Henry is cutting quite a wide swath in society circles now-a-days.
J. W. & Pleas Murray bought 65 cattle from Rockcastle parties, this week at 3 1/2 to 4c per pound.

R. N. Beazley is rapidly pushing work on his tobacco barn in order to house his new tobacco crop.

C. A. Fish and John Bolton sold fifty hundred bushels of wheat to Burton & Rucker at 58 cents per bushel.

Hudson Bros., of Louisville, bought another car load of mules this week at this place, making three cars they have purchased here recently.

Miss Mattie Thompson returned to Lancaster, Monday, after a week's pleasant visit to Miss Mary Lear. W. K. Argo, who has been visiting his mother at this place, will leave today for his home in Colorado. Miss Lucy Francis is expected home today from Danville, where she has been attending a house party given by the Misses Yeiser. A party of about twelve couples from here spent a very enjoyable day at Slate Lick Springs, Tuesday. Dancing was the chief feature of the day.

On last Friday evening the beautiful Ramsey home, two miles south of Paint Lick, was the scene of a most delightful entertainment, given by the Misses Ramsey and brothers, in honor of their visitors, Misses Lynia, Debby and Ora Alexander, of Cloverport, and Messrs. T. S. Scott and J. G. Baker, of Burkesville. About fifty guests were present. The brilliantly lighted parlors were thrown open and the guests began to arrive at an early hour. Soon the parlors and halls were filled to overflowing with beautiful maidens, and gallant beaux, vying with each other in merry-making. Elegant refreshments were served at the usual hour, and the company were treated to some delightful music. After which they dispersed to their homes to rest and pleasantly dream of a delightful time spent in a most delightful manner.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Stormes Drug Store. 1m

JUDSON.

Tobacco men report the seed to be growing large and fine, better than it has been for years.

J. M. Sanders, Sr., sold to L. Crutchfield, of Jessamine, a cow for \$20, also an extra calf to Cecil Broadbush, at \$25.

James Judson is confined to his bed by an abscess. Sam Delaney lies at the point of death. No hope of recovery is entertained.

We overheard Sam Long talking to a young lady who lives near Lancaster, in "golden" language. Wonder who marries next?

The Sycamore Valley school began the other week with a bright prospect for the best school in the history of the place. Prof. B. F. Evans is capable of doing noble and efficient work.

The meeting at this place is a success, with hopeful signs of a great revival. Already a number have repented, and arose in the strength of Israel's God, and in his name fell at the Altar, pleading forgiveness, and pledging to stop their debauching, sinful ways.

Bros. Bottom, Robinson, and Wilson began a tent meeting here at Barlow's store, last Saturday, a week ago. The outlook for a revival here is favorable. Already some have expressed a desire to flee the wrath to come. These brethren earnestly solicit the attendance and assistance of all Christians, regardless of denomination, in the surrounding community.
Miss Farris Ham, a beautiful and highly accomplished young lady, of Madison, is visiting in our midst. J. D. Naylor and wife, and Robt. Long and wife, visited Perry Long, of Marksbury. Miss Jane Middleton entertained her friends a few evenings ago. All present had a nice time. Miss Ida Burdett, of Boone Vista, visited her sister, Mrs. Laura Clark, Saturday and Sunday.

TEACHERS' INSTITUTE.

WEDNESDAY MORNING.

The Institute was called to order and after a song the further devotion-al exercises were led by E. W. Baker. Before the beginning of the regular work, Miss Mary Mayfield, representative of the Ladies' Home Journal, was given the floor and presented the merits of her paper.

The first subject of the day was Spelling, and was opened by Miss Claudie Arnold, who was followed by a number of others, presenting various methods of teaching spelling, and also some of the difficulties arising. After the close of this subject, A. F. Caldwell presented the subject of Writing, and was followed by R. F. Province. Brief addresses from these and others brought out the fact that writing is very much neglected in the schools. Prof. P. W. Grinstead, of Lexington, who was present and made an excellent address, at the close of which the Institute extended him a vote of thanks.

The meeting was then adjourned to meet at 1:30 p. m.

After the usual opening, Mr. C. D. Lewis, of Eubanks, and representative of various Educational periodicals, gave a talk emphasizing the fact that every teacher ought to be supplied with one or more first-class educational journals.

Composition was then introduced by Miss Knapp West, in a brief, but interesting talk. She was followed by Mrs. Mary Anderson, Mrs. Amon and others, each one discussing some particular phase of the subject. The Conductor then closed the discussion with a review of the entire subject.

Grammar was the next subject and was merely introduced by Miss Mittie Dunn. Prof. K. F. Postel followed with a somewhat lengthy discussion, setting forth some new ideas as to how to get the pupil to really like to study it. After a short recess the subject of Diagramming was briefly presented by A. F. Caldwell. Next the subject of Parsing was taken up and discussed at some length by Miss Allie Dunn.

Prof. Lumley then gave a review of the various subjects under Grammar, and showed conclusively that the regarded diagramming as being of little value. The Institute then adjourned to meet at 8:45 Thursday.

THURSDAY.

The Institute convened at 9:15 and was opened with song, Bible Reading and prayer, the devotional exercises being led by Rev. Campbell, pastor of the Baptist church.

The first subject of the day was Discipline, and was opened by E. W. Baker in a 10-minute talk, after which it was pretty thoroughly discussed by the Institute. Summing up the ideas advanced, Good order or Discipline is that condition and line of conduct that will enable both teacher and pupils to do the best work possible.

The subject of Geography was then presented in a very interesting way by Mr. Postel. Mr. Evans and Miss Worrel also gave some helpful ideas and methods of teaching that difficult branch. Prof. Lumley closed the subject with an address, showing that to teach geography successfully one must not confine himself or the pupils to the text book but, on the contrary, must teach it very largely in a general way and independent of the text book. The Institute then adjourned until 1:30 p. m.

THURSDAY EVENING.

After opening the Institute with song, the subject of Mental Arithmetic was merely introduced by Mr. Hendrickson, and Practical Arithmetic by Miss Ida Duncan, after which the Conductor gave a most practical talk on the subject. Following this Miss Lusk, the County Superintendent, gave a talk for the special benefit of trustees, in regard to the late changes made in the Common School Law.

The subject of History was very briefly introduced by Mrs. Guley, who was followed by short talks from several of the teachers and also by a final exposition of the subject by Prof. Lumley. Prof. Lumley's address suggested the propriety, or impropriety, of teaching all the history of our country—both good and bad. The difference of opinion among the teachers caused the most animated discussion of the week, some holding that only the good should be given the child, and others that he have imparted to him a full history—both good and bad. The whole discussion did not destroy the truth of the saying that, "A man, convinced against his will, is of the same opinion still," and hence the Institute adjourned to meet again Friday morning.

FRIDAY.

After opening with the usual song service, Bible reading and prayer were led by Prof. B. S. Gowen.

The first subject for discussion was Civil Government, and was presented by Mr. Postel, of Sandusky, Ohio, in a very plain and practical way. He was followed by Prof. Lumley in his usually interesting manner.

Next the subject of School Management came up for discussion and began in a very promiscuous way, quite a variety of opinions and methods being given as to how to manage the school. A short recess was taken, and then Mr. Wilford Caulkins, of Chattanooga, Tenn., took up the subject and made a very interesting and instructive address. In fact, one of the very best of the entire week.

At the close of Mr. Caulkins' address, Miss Virgie Worrel introduced a proposition in regard to Normal schools and certificates. She was followed by Miss Amanda Anderson, and also by Mr. C. D. Lewis. After some desultory and ineffective cross-firing, which lasted until the noon hour, Institute adjourned until 1:30 p. m.

State?" A. F. Caldwell won the prior. Prof. Lumley next gave a brief, but practical talk on the subject of Physiology and Hygiene, which completed the program of the week.

On motion of Miss Anderson an unanimous vote of thanks was extended to Sup't. Miss Lusk, for the faithful and successful work during the week.

Next in order was the report of the Committee on Resolutions. After the reading of the resolutions, on motion of E. W. Baker, it was agreed they should be taken up, discussed and passed upon separately. Following are those adopted:

First, Whereas, Mr. H. R. Postel and P. W. Grinstead have given to the Institute information on the methods of teaching which we deem of the highest value,—

Resolved, That the special thanks of the Institute are hereby tendered them, and resolved further, that our thanks are also extended to Prof. Lumley for his ready, able and efficient service as our Instructor.

Second, Whereas, The inequality of beginning the schools throughout the county has given rise to some dissatisfaction. Resolved, That the trustees and teachers, and County Superintendent are hereby requested to make an effort to have all the schools begin at the same time, and also that the teachers' Institute be held during the week before the opening of the schools.

Third, Whereas, we, the teachers in Garrard county believe that we would derive more benefit from County Normals than from the county Institute as established by the present law of Kentucky.

Resolved, 1st, That the present law ought to be so amended that County Normals will be substituted for County Institutes. 2nd, That the County Institutes ought not to be dispensed with unless the County Normals be substituted in their place.

3rd, That the said Normals should be held for not less than ten days, and that the expenses be paid out of the Common School Fund.

4th, Resolved, That county certificates ought to be abolished, and only State certificates be issued by State authorities. Also that we, in every way possible, urge and assist our Representative and Senators in securing this legislation.

We also urge the teachers of other counties and all others interested to aid in securing the passage of such a law, and we appeal especially, to our own Superintendent Miss Eliza Lusk, for her aid, and empower her to call upon any, or all of us for our co-operation in this direction.

After the adoption of the resolutions Prof. Lumley gave a very pleasant talk, after which the Institute closed by singing, "My Country 'tis of Thee."

INSTITUTE SPEAKERS.
The two young men from Wallace-ton (without doubt the most handsome in the whole lot) were, at first so careful of their health as to be afraid to come out through the rain to the Institute; but as their credit that before it closed they not only were present, but were decidedly very much interested in quite a number of the teachers' individually.

One of the lady teachers, who, since last year has doubled a man's expenses and her own responsibilities became so deeply interested in the work of the Institute that she actually failed to answer at roll call and afterward confessed to the secretary that she had actually forgotten her name for the time being.

At one time during the session two of our oldest teachers of opposite sex, and both still enjoying (?) single blessedness, passed such nice compliments upon each other's ability, and they were received so gracefully that Prof. Lumley found it advisable to refer to them as "bouquets" in order to proceed with the real discussion. Now, we don't blame any young (single) lady teacher for taking advantage of any opportunity that presents even a possibility of a chance to better her way of making a living and enjoying life, but we do think that B. F. Evans ought to know better than to shy his "bouquets" during Institute.

One of the lady teachers was heard to make the complaint: "After the lady-teachers do marry, they still keep on teaching—I don't think that is fair at all." We hope that when this good woman enters "double-blessedness," she will not have to find out what some of the others have, viz: A man (?) sometimes wants a teacher for a wife in order that she may teach (help) him to make a living.

The Chastain church at Hubble will give a supper at Bright's school-house on Friday night, Aug. 26, for the benefit of the church. The charges will only be 25 cents for a good meal. All are invited to be present and enjoy the occasion. Mrs. Eliza Engleman Harris.

The choice of one's friends has much to do with one's life. Be friendly with all as far as possible and above all, avoid seeming to feel above others, but habitual association with people of questionable habits and low moral tone can only bring handshakes to any young man who allows himself to drift into society.—Ex.

Remarkable but True.

"Uncle" Claybourne Lear will be 92 years old in November, and reads without spectacles. He can thread the smallest needle, and he can hit a ten-cent piece, ten paces away, nine times out of ten, with a rifle. His general health is good, this fact being proved by the splendid garden which he cultivated, with his own hands, this year. His talks of olden times, are very entertaining.

Narrow Escape.

The horse driven by Misses Amie Davidson, Little Theo Hemphill Irene Romans, began kicking on public square in front of Stormes' drug store Wednesday morning and started down Danville pike. Miss Davidson managed to hold to the horse, also the little ones in the phaeton until Mr. Booth Thompson, who was near by caught the horse. We are glad to say no one was hurt.

Prohibition Convention.

As per announcement in the columns of this paper, the Prohibitionists of this (the 8th) congressional district, held a convention in Nicholasville on last Monday, the 15th, at which our countyman, Mr. O. T. Wallace, was elected permanent chairman of the meeting, and Mr. O. T. Soper, of Jessamine county, who were continued as the permanent officers of the District Committee. Resolutions were adopted, and Col. W. H. Zeigler, of Jessamine county, was nominated the parties candidate for congress at the approaching November election. Resolutions and fuller proceedings will appear in next week's issue. We understand that Col. Zeigler will make a thorough canvass of the entire district, and will doubtless challenge the other candidates for joint discussion.

Smoke Proctor Knott cigars and be happy.

Look out for your wheels.

The Jessamine Journal says: A clever swindling scheme is being worked by a pair of smart fellows in various parts of the country. One goes through the country on a good bicycle and when he strikes a lively town he claims to be hard up and offers to sell the wheel cheap to get some money. Farmers' boys admire bicycles and bite readily paying a small price for a first-class wheel. After a few days the other sharper turns up and claims to be looking for a man who stole his wheel. He describes it well, giving the number, and the owner has to part with it. The sharper raises from twenty to forty dollars a trip and start to greener field.

Prosperity.

Every indication points to a season of national and local prosperity. Our exports, for the last fiscal year, yielded a much larger sum than for several years past, and the proclamation of peace will add new territory and stimulate business generally. An era of prosperity and improvement is especially noticeable in this city and vicinity. Dr. J. B. and R. Kinnaird, W. J. Romans, Dr. H. C. Herring and others are building pavements, in compliance with orders issued by the city fathers. Messrs. Pence and Greening, of Staunton, are preparing to burn a brick kiln near town, which indicates clearly that some of our burnt districts are to be rebuilt. There is also talk of a tobacco manufactory, and it is not unlikely that such things should occur when much capital will be thrown on the market, when our banks reduce their capital stock, and it will not be allowed to remain inactive, while a good investment can be made at home, no one being willing to try boomed towns again. It is estimated that capital, invested in the Opera House block, or in the Miller square, would surely yield 10 per cent, and it is a mystery why buildings have not been erected some time ago. Thrift and prosperity were enjoyed by those who owned buildings, on those lots, before they were destroyed by fire.

MARKSBURY.

Last Saturday evening a number of young people stormed Miss Sallie Herring in honor of her guest Miss Georgia Henry. The boys gave a treat of watermelon and the evening passed off pleasantly.

Last Sunday was quite an unlucky day to Mr. W. H. Bogie. On his way from Danville his buggy wheels locked and caught fire after remedying that his horse lost a shoe and he was compelled to call on a blacksmith to have it replaced, in taking the horse from the buggy he broke a shaft after some delay Mr. Bogie was thank ul to arrive at home without any further accident.

Mr. Joshua Sutton, of Co. L. 2nd Ky. Regiment is at home quite sick with measles. Miss Georgie Henry, of Lancaster is visiting Miss Sallie Herring. Miss Annie Stout, of Danville, visited Miss Georgia Dunn, last week. Mr. J. L. Royston, a prominent druggist of St. Louis is the guest of his sister Mrs. W. T. Dunn. Miss McCarty, of Jessamine is visiting Mrs. J. C. Boner. Miss Jennie Pollard is spending a week at Crab Orchard. Miss Lillie Sutton has returned from a visit to Miss Sallie Ray at McCleary.
